

# Solubor®

## Sodium Borate 20.5% B

### Soluble borate for fluid fertilizers and nutrient sprays

Disodium Octaborate Tetrahydrate

CAS No. 12280-03-4

**GUARANTEED ANALYSIS:**

Boron (B)\* . . . . . 20.5%

\*Derived from sodium borate.  
4.9 lbs. of Solubor 20.5%B provides 1 lb. of boron (B).

**Directions for use:** Solubor® 20.5% B is a soluble boron fertilizer for application to plant foliage or soil as a liquid spray. Use only on the basis of soil and or tissue analysis, and on the recommendations of county agricultural authority. Recommended rates vary with timing, placement and methods of application. **Applications above recommended rates may cause injury to sensitive crops. Use only as directed.**

**CAUTION:** This plant nutrient contains boron and should be used only as recommended. It may prove harmful when misused. Use of boron on any crops other than those recommended may result in serious injury to the crop(s). Excessive amounts may cause damage to susceptible crops. For additional information and crop recommendations, call (800) 699 9005 (8:00a.m. - 4:00p.m. CST, Mon-Fri).
